“ *I had the the privilege of working with Ann at Sears. We started on the same day. She was a very close friend and I will miss her and her long time friendship. Duane Berry  
I wanted to add my own short note too. I remember your mom even as a small child and going over to the house on 132nd street. She was always working and doing something to the yard, or picking apples or building a pond. I helped her years later design and plant the cactus garden by the driveway. Thanks for the memories. Kristie  
PS My Dad tried calling tonight, and since he could not get through I tried looking up online for a possible new phone nbr. When I googled her name, I could not have been more suprised to see her obituary listed. It really hit my Dad hard. He has not been up to his best lately but he would have been at the service had he known. Sorry we missed it.*
