“ *Toni:*

You were a great friend and sister in law. What I most admired about you was how you dealt with life. You would always find a way to bring the good out of a situation and laugh about it. I will never forget the happy times with you and your brothers and sisters. You all made me feel like part of the family and I will always be grateful for that. I have so many good memories of you and whenever I would visit, I always left happy. I am so glad I got to see you to the end.

“ *Today marks the day we start to gather to say goodbye to my mother. I didn't want this day to come and I can't believe it's already here.... Mom was the most beautiful person I knew and she loved us all so much. This isn't going to be easy but I hope you all may find that special memory and hold on to it forever. We are very grateful for all the love and support shown to us each and every day. God Bless you all and may God Bless my mom.*

“ Andrea,

I am sorely saddened by your loss. I did not know your mother personally, but her virtues are reflected in you. I was 35 when I lost my mother and decades later her presence is with me always...as yours will be with you. Little things (and some big things) will forever remind you of her. Rejoice in her being at peace. And, rejoice and be grateful that you had her in your life for so long and that she was your mother. With affection, V Padron
