“ Dear Family,
I cannot tell you how much I will miss your Mom! She treated me like a "3rd daughter " and I loved her so much! I will always cherish the time I spent with her and Jack, as well as the phone calls and emails. Bev was a very intelligent, compassionate, caring woman. She had so much love for her family and friends. She never spoke a harsh word about anyone and was the most gracious person I have ever known. I will miss her and her laugh dearly for the rest of my days.
Love to all,
Okie

“ Bev & Jack were my "second parents" when I went to college with their daughter Lee, my roommate. They embraced me as their own, treated me like their "3rd daughter" and I will never forget their lifelong kindness. Bev was especially dear to me, as I lost my own Mom in 1999. I loved Bev for her many positive attributes ~ intelligence, empathy, sincerity; especially her grace and generosity toward everyone. My love and heart send comfort and condolences to the Donelson family. I wish I could be with you today. Your Mom was a true treasure to me.
Love,
Okie

“ *Bev had a positive, cheerful attitude and boosted those around her even when she was feeling down. She was one of my mentors at Assistance League Thrift Shop and taught me the details of sorting and pricing, I especially remember how much she enjoyed attending an Omaha Symphony concert with me, and I will certainly miss her "being there" like a rock.*
