“ Brandon was my friend. I met him in high school and reconnected a few years ago. He was very kind and thoughtful. I appreciated his generosity with garden goodies. He was a good help to his mom and family. I was so impressed that he would get up around 4 in the morning to take his niece to detassel corn last summer. What amazing selfless devotion! Thank you, Brandon. We are blessed to know you and it's hard to believe you've changed addresses already. You are missed. See you later.

“ Marlene and family. I remember all the wonderful memories our families have when the kids were young. The times we spent on our homemade houseboat. The rabbits we got the kids for Easter, one purple and one green. Camping, being together almost every day. Those memories will be with us always in our time of grieving. Thinking of you everyday.

“ Marlene: We just heard of Brandons passing and we are so very sorry. Please know you and your family are in our prayers. We remember him growing up as we spent our fun days together. Not the natural order to bury our children . May you feel the power of all the prayers being said for him and for all of you. Now he and Louie can share Gods kingdom.. Peace to you, Marlene.

“ I met Brandon when I was 5 yrs old. We grew up together. Many a day was spent at Buffalo Park, Field school playing basketball, just hanging out in the Neighborhood. He was my best friend in High School. Many great memories cruising main street, playing cards all night, playing softball, bowling, just hanging out. I was his best man at his first wedding. Memories that will last a lifetime and beyond. Hard to believe you are gone, but now you are in God's loving hands. Goodbye my friend, you will be missed till the day we get to meet again in Paradise. May God bless you and hold you tight. May God bless your family and friends as we grieve your loss.

“ Brandon, when we were facebooking last Wednesday I never imagined that would be the last time we could talk together, but you will be another angel walking with me. From our years in elementary school at field to middle school then high school and many years since then it just wasn't enough time. We laughed partied we were in each other's weddings, played so many sports together from softball HR bash brothers to Hoop it up and golf of course. Trips together were so special couples trip down to our two person January golf trips to play as much golf as possible. Those times I cherish more now than ever you will always be there for me. So many hugs and prayers to all the family in this difficult time.

“ My jaw dropped when I saw the news of your passing come across my Facebook page. Although it has been a while since I have seen you in person, it was always nice to see your thoughts and pictures come across social media.

Technology has a way of bringing people together, even when they're far apart.

The last time I saw you in person, was probably our Class of '87, 10 year Reunion. Our group of 5 golfers had a blast. Jim Modlin, Randy Bruner, Alan Peters, you, and myself made the best of it. We weren't the greatest, but we sure had fun. Especially when I was the one who had to make the shot between the two groves of trees, because 2 of you guys went left, and 2 went right, and somehow we came out with a birdie! When this whole spacial distance thing is over, and warmer weather approaches, our group will probably swing the clubs in your honor. I know Jim's in!

Brandon, you were always kind to everyone you met, and we're going to definitely miss that big smile of yours.

“ I cannot put into words what it meant to have you as a friend! From growing up in Columbus to living down here in Kansas City it was always the best of times. From poker games to bowling to softball to golf it was never a dull moment with you here. I am beyond sad and will miss you my friend.

To your family you have my deepest condolences, god bless!

“ *Brandon you were like a brother to me and will never be forgotten. I have so many great memories growing up with all starting as little kids and are parents parting it up together all the camping trips with the Brehms, oh and man the mountain oyster feeds. Then as we got older the bowling team and the high school parties (no one will ever forget the New years Eve blow out your senior year) Then you went and married your best friend that was a fun day. As the years passed we stayed close made sure we talked monthly and making sure we made got together a few times a year ethier in Columbus or where ever you were living at the time. I feel so bad that I can not be there now to say my final goodbye. Rest in peace and tell you Dad and My folks hello how much we miss them. until we meet again my friend.*

Marlene Nels Lori Shawn and Jennifer May god give you the strength and courage to make it through this tough time. Bless you all and please dont hesitate to let me know if there is anything I can do to help. love you all!!!
