

## Charles Joseph Cerveny

July 3, 1937 - January 21, 2021

Charles Cerveny was a tough guy with a heart of gold. He was always helping others start businesses and made sure good repairmen had a place to work inside the winter. He helped workers become successful businessmen and always donated to the less fortunate.

Charles was an amazing man with much knowledge that he enjoyed sharing. He had many talents; he could fix anything, unless it caught on fire, and then he may rebuild it. His nick name was "Mr. Fix It". Charles built old cars, from an old rust bucket to a show room floor.

Charles was a "Doctor of Motors", the only guy in this area and beyond that could rebuild "Flat Head Motors". I've never seen a motor that could outsmart him. He was very proud of the fact that he could paint a car with one gallon of paint and have a quart left over for touch ups. He was a legend in his time. If you truly knew Charles, you truly loved him. Charles had a lot of love in his heart, and when he showed you that love, you were truly blessed.
