“ *Clair was such a unique person, cannot say Clair without Evelyn's name associated with it. Will be greatly missed, will never forget that Clair was with me when I caught my first fish. Nebraska is such a part of our heritage but could never spend enough time there with the people we loved.*

Regret that I could not be there but there in spirit.

“ *Gary and Sandy, Your dad was such a kind and gentle person. I'll remember him always as I do your mom. I have great memories of your dear mom and dad. Always remember those we love live in our hearts forever.*

“ *As a kid, I remember Clair and Evelyn stopping by late in the day of all the major holidays. They were the epitome of a strong, bonded, loyal married couple. So much that, it was hard to see Clair without Evelyn over the last years. They can now rest in peace together in heaven. This country was built on the shoulders of men like Clair Byrne. We will all miss him.*

“ Gary and Sandy - You know how much we will miss your dad, but are consoled knowing he is with Evelyn and his other family and friends in a heavenly place. My memories of Clair go back to when I was a scared little girl from Alabama that had moved to Nebraska.. Clair and Evelyn were a vital part of my new family - I remember listening the reports of the VietNam Conflict with them almost nightly , so concerned they were with Gary and his unit - and crying with Evelyn on some of the scariest nights of battle, they took me to my have my first ever " whooper" when Burger King finally opened in Omaha, later helped me move into my dorm room, carrying my " stuff" up four flights of stairs -- I could go on and on - they were a sweetheart couple, and I'll treasure my memories of them and can see them now in heaven, wearing their cute matching Go Big Red jackets - my love, Theresa
