“ *Connie and I go way back to working together for RTI and NORC research companies. She had the best sense of humor of anyone I know and she was always positive and upbeat. She came to visit me here in Maryland years ago and we have kept in touch over the years. She dearly loved her family and spoke of them often. She will be greatly missed.*

“ *I've known Connie since 1973 I think! She was always so fun to be around with her infectious laugh and ornery sense of humor. She was a tiny little gal with a easy way of lighting up a room when she walked in. We will think of her often and so many of us will miss her. RIP my old friend.*

“ I have known Connie for 38 years in that time we have had many family gatherings. Any time we would see each other we always enjoyed catching up with each other and she always made me laugh and made me feel welcomed. I will miss her so much she was like a sister to me, she would tell you like it is.
