“ There are so, so many memories . . . when we were growing up and lived next door it was daily that Gary and I were over at your house. And it was a house filled with much love, energy and creativity!!! :) And at the center of it was your Mom!!!! Nothing seemed impossible to her . . . by gosh with all her gusto she could make things happen with her smile, laugh and infectious personality. She could win people over even in some challenging situations because of who she was . . . a fun-loving, caring and go get'm attitude. Life to Connie was to be lived 24/7, it didn't matter what time the clock said it was - if it seemed to be a good idea, then why wait? Let's do, Let's make it happen now!!! I can almost hear Connie say as she did so, many times, so many years ago "Kids get in the car, we're going now!" I think of Connie when I think of "Brandies" - oh how Connie loved to shop - and Brandies was one of her favorite stores! And as Mom said, Connie could make you feel good about yourself - even if you knew you were having one of those days "and you knew you looked terrible"! But, she could put a smile on anyone's face!!!! It brings much sadness to me and our family to know Connie has physically left us - but, her spirit will live on in not just our memories but, everyone she came in contact with in life!!!! One of her teaching moments for all of us would be to live life 24/7 with all the energy you can!!!!!! Love you Connie . . . you are missed!!!!

“*The tide recedes, but leaves behind bright shells in the sand.  
The sun goes down, but the gentle warmth lingers in the land.  
The music stops, and yet it echoes in sweet refrains.  
For every joy that passes, something beautiful remains.”*  
Author Unknown a teacher, wife, mother, grandmother, sister, aunt,  
and friend, Connie's kind, joyful and fun loving spirit touched many  
lives and will live on as we pay it foreword. J A
