“ It's very sad for me to learn Craig has passed. I worked along side of Craig at the Bowling Police Department, Bowling Green, KY. When he left I was very sad. He truly was a great Police Officer and highly respected by the citizens of Bowling Green. I have stayed a friend of Craig's and kept up with his rise of the head of the air traffic controller office in Orlando, Florida.

Craig you might have passed, but your spirit and friendship will never be forgotten.
