“ I was so sorry to hear of Dale's passing. I talk to my folks every week, and knew that he was ill, however, it must be painful when the end comes. My deepest sympathy to all of you. God be with you and give you an extra measure of His strength and peace at this most difficult of times.

Love in Christ,

“ I enjoyed having Dale in my home when he did electrical work for me. He was excellent at his work, honest and hard working. I enjoyed our chats; when his work was done I'd pour each of us a cup of coffee and he'd share stories about his life. He was a true gentleman.

“ I have always had the utmost respect for Dale. He helped me on countless occasions over the years and I would consider Dale a friend. I have two memories that truly stand out: the first was when Dale’s wife died. He was truly distraught and he mentioned to me on a job how much he missed her bringing both of us to tears. I made sure to take my wife to lunch that day and have thought of his words many times since - his love for her touched me. I trust he is back with her now.

The other story is more humorous and involved Dale's description of one of my employees doing his best to lay tile. I can't quote it directly in this post, but involved a monkey and a football. I tell the story to this day and it always gets laughs. Dale will be missed. Tate Meier and family

“ Chuck and I are so sorry to hear of Dale's passing. We enjoyed working with him for many years. He was an exceptional electrician who could figure out problems and always did exceptional work. His dry sense of humor always amused all of our family and men who worked for us. He will be missed.
