“ God Speed Uncle Don. Iâ€TMll truly miss you. Sharing your abilities to tune a motor with me inspired me to not fear what was inside of all those engine cases. From the first time Grandpa took me to the small engine shop where you first worked, to the last time when you painted my â€TM72 Chevelle, youâ€TMve given me many wonderful memories to share with my family. Lawnboy mowers, the Cadillac Paint you always selected for my cars, in College when you come down to K.C. to fix the blown head gasket on my Vega, the old wood cook stove you fixed up for grandma that we now have in our home in Texas, the go carts you brought to the farm when we were kidsâ€¦ As I teach my son how to tear down and rebuild a motor, I continue to pass along what you taught me so many years ago. Thank you for helping me when I needed it most.
