“ *I didn't know Doreen for very long. We met through the pinochle group that plays Tuesday at the American Legion. She was always in good humor and a pleasure to play with. I'm glad I had the opportunity to enjoy her company. My condolences to her family.*

“ Brent and Craig,
My sympathy to you at this sad time in your life. I met your mother when I became a teacher at St. Robert Bellarmine School. She took be under her wing as the cook and me as the new teacher. Through those years together and working at Sunset Speedway together and her Circle B days, I have fond memories of her (and your dad) - and her fried chicken. I hope your fond memories will carry you through this sad time and bring a smile to your face with each passing day.
