“ *Dear Jimmy:
I worked with your Grandmother at John Deere for many years and knew her well. I also knew your Mother. Your grandmother always told me about you.
She worked hard at work and then when she retired worked just as hard volunteering and helping others. We had many fun times together and even though I moved to Kansas City we always kept in contact and I would see her when I came back to Omaha. I also visited her in the past few years when she was at the home. At first I think she knew me, but at the last no. That was difficult to see. I have many pictures of her if you are interested you could contact me. Karen Petersen huskemap@gmail.com*

“ *Doris....I had so much fun working with you at John Deere. Enjoyed our friendship through the years. You never missed a Christmas or birthday until Alzheimers took your wonderful memory away. Know you are happy seeing Barb and Larry up there in heaven. Good Bye my dear Deere friend. Connie*
