“ *When we were kids my brothers and sisters ran through her house like it was our own.*

Seemed like 100 kids at least. My memories of her are larger than life itself. I never called her anything but Mrs. Wieczorek after I stopped running, came to attention and saluted. I will always remember her kindness and generosity.

“ Grandma, even though I did not come around as much as I would have loved to, I would still ask how you were. There are so many memories at that lake house. Glad and proud to call you my grandmother. You were always strong, outgoing I can keep going. Watch over us. I love you and miss you dearly.

“ Grandma,

You were one a kind, tell it like it was, biggest supporter of all of us. You always shared your words of wisdom, whether we liked it or not, but it helped me become the person I am today. You will truly be missed! Say hello to my dad for me! Until I see you again...Love you!! Nikki
