“ *I have always been super proud that I was her namesake. (Middle name Eileen) I believe she had an awesome faith and love of family. She was a Super role model for anyone who knew her in so many ways. I have so many wonderful memories... Even from when I was little she was driving and would hit the bump so my tummy would tickle... She would sing songs to me and I just remember how much I loved being around her. Her positive attitude always amazed me and she loved to laugh— she had an infectious personality— behind a wonderful legacy in her children and grandchildren.*

“ So sorry to here of aunt Punky's passing. We are so grateful we stopped and visited them a few weeks ago. They both looked and acted like they were doing great. Our thought and prayers are with all of you. I have back surgery scheduled next week so unfortunately we probably won't make the service. We will be thinking of you all though.
