I just watched the service and I would just like to say a very special thank you to the Reichmuth Funeral Home for posting this and letting everyone be a part of the service. With the covid it's hard to be together right now but just know you need to lean on each other for comfort. It was good to at least get to see you all last night and I'll keep you in my prayers.

“ The service was beautiful! I'm so sorry for your loss. I remember so many great times with Elaine. She was always a good friend and great support! I remember going to the casino with her. We would sit and play the same machine together taking turns and we would laugh out loud! I loved stopping by to see her every time I was near Elkhorn--and she always made me feel welcome.

“ *I just wanted to say how sorry I am about Elaine's passing. I know this is not an easy thing to get through but I wanted to send my prayers to each of you. I always enjoyed working with Elaine and I learned a lot about the spice business. She was always so nice to me. it felt like she was always looking out for me over the years we worked together. When she retired I didn't get to see her much because life just goes by so much faster than you realize. I do know she thought the world of you kids and cherished those grandkids! I have a lot of good memories with her that I will also cherish! She will be dearly missed.*

“ *None of you children would remember who I am but your mother's brothers and sisters would - your mother, along with her sisters Wilma and Joyce were special cousins to my sisters and I - we were stair steps like them in terms of our age so we more or less paired off to claim them as big sisters. I remember Elaine as being full of fun and having a great laugh. Distance has been a factor in terms of keeping in touch but she was special to me as an older cousin that I watched growing up.
