“ *We just found out about Ellen's death. We have wonderful memories of her at Abiding Savior and with occasional lunches with her in the past few years. It is always hard to lose a family member. May all the memories that you have stay with you and help you through this time. The Memories will become more and more special as time goes on. May God be with you and may you feel his arms around you during this time.*

“ *God Bless your families as you process the loss of your Mother/Sister. Was nice to visit with her at Neil Busch's funeral.*
