“ *My condolences go to the family of Ray Sporn. This is a sad time for them. Ray was my best friend and marriage partner back in the 60s. We had a lot of fun together in college and then spent 6 years while we were finishing a year in the Navy, schooling, and getting started with our careers and our family. We shared a son, Bradley Ray, who is a very special man.*

I enjoyed getting to know Ray's family quite well as Ray lived at home during his college years and his parents treated me like their own and spoiled me good.

Ray was a talented man in many ways—especially in his profession of physical therapy. I'm sure that he helped many people through the years.

I have some very happy memories shared with Ray.
