

Gregory Warren Anderson

October 22, 1963 - March 18, 2024

Gregory (Greg) W. Anderson, October 22, 1963 to March 18, 2024, died peacefully surrounded by his loving family. Greg was born and raised near Beaumont, TX. As a child, Greg enjoyed taking things apart to see how they worked. He got his pilot's license before his driver's license. Throughout his life, he kept his love of Cajun food, especially gumbo.

Greg was an electrical engineer, earning his Bachelor degree from Lamar University, and his MBA from the University of Kansas. He worked for several companies before starting his own consulting business, GW Anderson and Associates, in 2003.

Greg met his wife, Peggy, while living in the Kansas City area. They were married for 31 years and have two children, as well as their beloved dog, Charlie. Greg enjoyed traveling for work and pleasure, and was able to visit many countries around the world. He always wanted the best for his family, friends, and church family, and would go out of his way to help any in need.

Greg was preceded in death by parents Charles and Alice (Jerry) Anderson, stepmother Alice

Anderson, infant sister Alicia Anderson, father-in-law John Weber, brother-in-law Clayton

Nelson, grandparents Charles and Pearl Anderson, and grandparents Gerald and Dorcus

Murphy. He is survived by wife Peggy, children Alicia (Seattle, WA), and Erik (Omaha, NE), sister

Debra Roberts (Vidor, TX), brother and sister-in-law Chuck & Toni Anderson (LaGrange, GA),

mother-in-law Doris Weber (Des Moines, IA), and in-laws Terri (Weber) & Pat Reiser (Chandler,

AZ), Jeanne (Weber) Nelson (Des Moines, IA), Karen (Weber) & Tim Crowley (Des Moines, IA),

Amy (Weber) & John Hatterman (Wall Lake, IA), along with many aunts, uncles, cousins, nieces, and nephews.

Memorials suggested to the Converge Church (14515 Harvey Oaks Ave. Omaha, NE 68144) and American Stroke Association (Stroke.com).

“ Greg was a good friend that attended the same church (First Baptist Orangefield, Texas) and same High School, Orangefield. Greg was a very likable, intelligent and success driven. The last time he visited here he took me flying and actually allowed me to achieve a life long dream of flying and LANDING a plane. I haven't seen him in several years but his friendship is eternal; God blessed his life and He blessed ours by giving us what time we had.

Mark Foreman - March 24, 2024 at 09:34 PM

“ Greg, it's still not real to me. We have been friends for so many years even with the great distance between us. You will be missed by so many and I feel privileged to have been called your friend. Remember "it's never goodbye, it's until I see you again. It's been a wonderful time we all shared my friend".

“ Greg Anderson was a selfless giver of his talent and energy. He will be greatly missed by all of us.

I only knew Greg professionally from the time he and Peggy co-hosted the Kansas City Transformers Committee meeting in April, 1995. Greg helped and contributed wherever he could, spending two decades or more of his career organizing and making the Transformers Committee better and more efficient.

He was also engaged in Working Group activities that I think arose in support of his various clients. His last effort, a revision to the Transportation Guide of which he was primary author, is a memorial to his effort and dedication.

Greg helped me personally to get my consulting career off to a start (even though I was a competitor) offering me a gig supporting a project in which he was involved.

“ Greg was a very caring person who used his attention to detail to ensure each IEEE transformer meeting, members, participants and new comers were successful and evolved to great accomplishments. He was an amazing friend who invested myself in others helping us all to grow to be the best versions of ourselves.

“ From our late-night college talks about the book of questions to our late-night Vegas talks about the answers we’d found, our friendship spanned 40 years. I’ll remember our long runs, our card games, our ability to pick up conversations like time and distance didn’t matter. The very first time that I flew in an airplane, you were the pilot. To this day, it is still the most um...exciting flight of my life. I was honored to be your best man and have you as mine. You lived fearlessly and mischievously. You crammed a lot of living into every single day and left a wonderful legacy as a friend, husband, father, and engineer. So long, buddy.

“ I first met Greg and Peggy when they were hosting the Transformers Committee meeting in Kansas City many moons ago. I remember them struggling to get the stroller up the escalator at the hotel along with all the material that they brought for the meeting. Greg was a whirling dervish attending to every detail and he was still that same caring person the last time I saw him. He knew everyone by name and made sure he helped anyone with even their smallest issue. He never missed calling with a Happy Birthday greeting or even just a "How you Doing" check in. He called me one time to let me know he had just pushed everything off his desk and it wonderful it felt to do that, then he said "I have to go because I need to pick this all up and get back to work" He was a great friend and I will miss he greatly..
