“ *Dear Wes and Jackie, we will always have fond memories of playing softball with you and your parents at Goodrich. Those were wonderful days of our youth. We are so thankful to have known your dad and his memory will continue to live in our hearts. But today, with heavy hearts, we extend our sincerest condolences to you and your families. Prayerfully and with warmest regards, the McDougalls*

“ *The Stebbins family have been such dear friends over the years and I know how trying these last few months have been. My prayers are with you on a daily basis for strength and understanding during this especially difficult time. Harold was a strong and inspiring leader of his family so I am grateful to our Heavenly Father that he has been set free from the bounds of human flesh to once again be the man God created him to be.*

“ Your family has been in my thoughts and prayers for a while. I consider you all an important part of my life. I share your relief in God's answer to prayer to take him home, but in sadness at our loss. When I think of good Godly men, honest, & edifying...Harold is at the top of the list. This world needs many more like him! I'm sorry that in order for Harold to be w/ our Lord Jesus and NO more suffering...means that everyone still here has to deal loss. My love and prayers to you all.

May God bless & keep you all.
