“ *jim was a super hand around the racetrack as I got to know him quite well on the Nebraska circuit. Many horseman would call on him when they needed an exercise rider on a tough horse to gallop he could generally hold them when many could not. Jim often would find time to gallop a horse for me as at times it would be hard for me as I had a small stable and many Big stables had the exercise riders tied up and it was a real challenge sometimes to get a rider before the track closed. Loved Jims sense of humor and was good for a laugh . Jim had a lot of knowledge from years of experience and would oftentimes share it . jim will be remembered by all who knew him I am sure as he made a good impression on all those who knew him! Until we meet again partner!*
