“ Well, hard to see that your gone because you were more than like a mother to me you helped me when I needed it and always wanted to see me strive for better, it really hurts me that your gone. No more watching me bowl or going to the mall, no more family holidays together. The last memory I share for with you is when we took Gage out to bowl for the first time. You were so excited to see him and his dad bond in something but sad to say that was the first and the last time you ever got to see him do something. Yes as we did have our ups and downs through my life the things that I remember were mostly good. And its a shame that you had to go on such a short notice because we were all just getting ready to plan the holidays. But its not about me being selfish its about enjoying the time we had together and showing everyone what a good person you were but, needless to say I hope your enjoying yourself and feeling better. I will forever remember what you have done for me and I hope that someday we will meet again. I love you grandma.

Your grandson,

Michael Keffer

“ *Jan and Noel were just the best neighbors. Always chatting across the yard and interested in any house or yard project that we were doing. Much sympathy from our family to yours.*
