“ *We were sorry to hear of the passing of Jack. I met Jack several years ago through Kris Storm, Jack's wife Marg's daughter. Kris is a former high school student of mine and a dear friend of myself and my wife. Jack did me the favor of visiting my History of the Viet Nam War class and telling about his experienced as a pilot in the USAF during the war. I remember when Kris was first getting into real estate and presented her first possible purchase to Jack for his advice. Kris told Jack the price of the property and Jack's first question was "What is the price per square foot?" Kris said she hadn't figured that. The next time Kris presented a possible real estate purchase she told Jack the price and immediately followed that up with the price per square foot. Jack said she was learning. I always enjoyed visiting with Jack on the rare occasions I had the privilege of seeing him. Jack always had a wealth of knowledge and information to share. Jack will be dearly missed.*

“ *I had the privilege of being hired by Jack and working for him in 1986 through 1987. Twenty-five years and four railroads later, I still remember, fondly, my tenure at the Chicago Central & Pacific Railroad. "Jumpin' Jack Flash" sure kept the energy level and excitement high while he was at the helm. My sincere condolences to Mrs. Haley and Jack's family. You are in my thoughts and prayers in the days ahead.*

“ *I met Jack through his love for model railroading and spent several memorable evenings with he and Marge discussing life and model railroading, over dinner and a glass of Red Spanish wine. When Jack talked about trains, the excitement and joy showed on his face like a little kid on Christmas morning. I always looked forward to the time I spent with Jack, rather to break bread or talk trains. Those were great times and I will miss Jack, it was an honor and a pleasure to have known him. “ Monica and Family- I am so sorry to hear the news of Jack's death. I have especially fond memories of Jack from my days with Haley-Makielski Management, like the time I flew with Jack and Monica to Maryland for a couple of days. He had a huge influence in my life and I appreciate everything I learned while working with Jack and Monica some 30 years ago. Jack always had a positive outlook on life and knew how to make things happen. Thanks to you both.

“ *I just received the news of Jack's passing. I have known and done business with Jack for 6 years and deeply admired and respected him. He was a self made man who had great morals and integrity Unfortunately, there aren't enough Jack Haley's in this society, and we lost one of the best. I will never forget how enthusiastic he was whenever we would talk or meet. I think that is what I will remember most about him. He loved the business and he loved his life, and I am sure that is because he had so much love from his family.
Sincerely, David*
