“ *It is with deepest sympathy to your family. John happened to cross our paths in the 1990's and continued to be my go to guy when doing a multitude of projects. Probably my funniest memory was when he and I looked at a house for Dusty to buy while Dusty was out filming on the show John and I look at this house and decide the kitchen needed to be torn apart in the master bath was hideous Dusty buys the house comes in from filming only to learn that the bathrooms almost done and well There is no kitchen at least for a while but we had the best time with so many laughs and giggles knowing I was getting to do something the way I wanted to do it because it was well on my son's checkbook and not my husbands which John knew would be met with great opposition ! But I had it all figured out in order to get him on board to doing my master bath and the kitchen at the home I'm in and of course the offices and other projects Dusty had going how this could work that was devastated to learn Dustys house was our final project together and I want you to know it turned out beautiful just like John. And once I get over the grief I'm then at square one where do I find an incredible talent like Jon I have a lot to do though John I'm praying you're with the man upstairs and can have a little pool send me somebody incredible just like you hugs we're going to miss you*

“ Aunt Joanie and family,
God bless you all at this most difficult time. My remembrances of
Johnny are all with his big smile and special laugh. You are all in my
thoughts and prayers. With deepest sympathy, Jeri

“ My thoughts and prayers to the family and friends of John. He was
such a big part of our lives. Best man at my wedding and always
Uncle John to my boys. Will never forget that laugh! Will be greatly
missed.

“ Please accept my sincere condolence. May the fond memories you
shared bring warmth to your hearts. Allow the promises made by
God to soothe you, as you gain the strength and inner peace to
cope with the days ahead.
Revelation 21:4 and John 5:28,29
All the promises made in the pass by God have all come true, there
is no reason to doubt that the promises for the future will not also
come true. Joshua 23:14

“ *We are so very sorry for your loss. Johnny was a wonderful cousin and such a good soul. I loved talking to him and listening to his special laugh. He loved coming to Florida and soaking up the sunshine. I would like to remember him with his white skin sunburned, toes in the sand and beer in his hand. May he rest in peace. We love you all very much and we share your heartbreak. With our deepest sympathy, Elisa Hazuka-martinez and Family*
