“ *I'm so grateful for all the family holidays we spent together during my childhood. All of us kids couldn't wait to turn 12 because then we would be allowed to play poker with the adults. We were told no crying allowed if you lose your money. Our families had a lot of fun together. As an adult I will miss being your copilot on our daily trek to Blair when Mom and I visited. You didn't need a copilot but you let me be one anyway. Mom was impressed with your driving skills. You always took us on the most beautiful routes. Dave and I remember having wine time with you and Bob on the balcony of your Aksarben condo. Along with having drinks at Frog and Toad, then meeting Chris for dinner in the Old Market. You always made sure we had a nice time when we came back to Omaha. We will miss seeing you when we come back to visit Grandma, but looking forward to the day we will be reunited in heaven.*

“ I will miss this wonderful lady! So many amazing memories I could share. When I was just a little kid, I remember when Juanita would come to our house and hang out with my mom on the barstools in our kitchen and they would drink a few red beers together. They would just sit there and have the best time just talking, laughing and giggling non-stop! And I would think to myself, gee wiz, I sure hope I'm as happy as they are when I grow up!! I will always remember her laugh. I'll never forget it. She had the BEST laugh. And when she laughed, you knew it was absolutely genuine and straight from her heart. I am so thankful that I had the chance to know her, and I will miss her terribly.

My sincerest condolences,

“ *Juanita and I were friends for more than fifty years. We were separated for a lot of those years but our friendship remained steadfast. We had so many good times together. Shopping, we both loved it. We would carry a few things around the store while we looked then we would look at each other and say, I don't need this and put it all back. Eventually we would end up with a few bags. We both liked gambling, (me more than her) but Juanita had more sense about how much to lose. When we were young we had a lot of good times drinking and dancing. One nite driving home we decided to take a swim. Yes we skinny dipped (Juanita would never admit it) it was very dark and nobody could see anything. She swore it never happened. We had a lot great times together. I loved her like a sister. She was always there for me. I will miss her greatly.*
