“ *Scott and Danielle,;*

*We were shocked to hear about your loss. Words don't help but I know that your mom was proud of you and all of your family. I always enjoyed the limited time that I spent around your mom at the fraternity and at your home. I could tell that she loved the title of "Mom" and "Grandma". She raised a polite, caring, and intelligent leader for a son. Our best wishes on this difficult day.*

*May God Bless all of you,*

“ *Sincere sympathy in the loss of a wonderful woman, wife, mother and grandmother. We always enjoyed her warmth and kind reception to our family while we resided in the Bennington area. God bless and take care.*
