“ *I am so sorry to hear about Ken. I met him first at a Cisco event in San Jose and eventually did business with him at First National Technology Solutions. He was a great listener. I know his colleagues at FNTS will feel this loss deeply. He was a mentor to many.*

I send my condolences to his family. I know the sadness shared by those who worked with him is but a fraction of yours. May God give you strength in this difficult time.

*Sincerely,
Gena Curry*

“ Shari, Heather and Ashley our thoughts and prayers are with you. Ken came into our lives thru the 'back door', Shari being my friend,. Over the past years I loved to harass Ken for his love of the Huskers and Bud. He kept me on my toes. Loved to banter back and forth, nothing was sacred. Though we agreed on most things but those pesky Huskers(go Hawks)!! Never give up the fight but with no pain now. We will miss you.

“ I had the privilege of working under Ken at First National in the early 2004 - 2007 timeframe. He took a big chance and gave me a shot in a brand new role that not only challenged me but gave me a big jump in my career. He was also my mentor while I was in the Executive Develop Program and was always generous with his time and his wisdom and insight. After I left the bank we kept in touch and I would email him from time to time when I had questions or wanted some advice and he was always quick to respond with thoughtful insights. I'll be forever thankful for his belief in me, his generosity with his time and advice. What a wonderful leader and mentor he was. I'm so sorry for your loss. My family is sending prayers and love your way in this incredibly difficult time.
