“ *It's been a long time since the school days at Elkhorn but the memories from then will stay forever. My most sincere condolences to Karen and Kandace and families. My prayers are with you.

“ *All I can say is he will be dearly missed. He was as close as a second father for a span in my life and I always knew he would be there if I needed him, to know he is gone is to know part of me is gone. My only regret is that Im not sure he got to meet my precious baby boy. But I think or I hope he sensed when we came to see him at the hospital that day and I know Riley will not remember but got to meet a man that has meant so much to me for the short time I was part of his life. All my condolences to Kerwyn's family and friends, he will be missed.*
