“ Dear Kimberly, I do not know if you remember me but you came to see me last fall for some Rolwing/massage sessions. I wanted to let you know that you and your family have been in my thoughts and prayers ever since I heard of Kylie's accident. I remember that during our sessions we talked about our kids and specifically their involvement in volleyball. I remember how proud of Kylie you were and it was apparent how much you enjoyed watching her play. I feel that what happened to Kylie and her friends could happen to any of our teenagers anytime they leave our driveway. My thoughts and prayers are with you and your family, Jan Pemberton

“ You guys are the strongest people I know at this time. Kylie was a beautiful girl that I was good friends with. She was always there for me and she will also be looking over you guys making sure that you guys are okay. Stay strong through this hard time for her. I know she would be happy to see all the people that care about her. Her Facebook is filled with love and songs that all make us think of her. We can all get through this if we keep surrounding ourselves with positive people. I love you all, stay strong!
