“ *I remember when Lonnie and Jerry moved to Huntington School in Lincoln in third grade from Texas. They were both so polite saying please and thank you and Maam and Sir. They were the first twins I ever met and now I have twin granddaughters. I know there is a special bond and Jerry will miss his sister greatly - as will all who love her. Their mom was my piano teacher but none of their talent rubbed off on me. Many memories of two special people.*

Our sympathy to your family. We didn't see Lonnie often but have good memories of when we did. Family was very important to her. We are distant relatives but the Dykstrahuis Family was important to us, especially my parents, Gerard and Bertha Brouwer. Sincerely, Ray and Rolene Breed
