“ I was so saddened to read Linda's obituary this morning. Paul and I so enjoyed getting to know Linda and Bill as we served on the Board together at COPE. Linda worked tirelessly to ensure that those who needed help in our community received it. She always had a smile on her face and was a friend to all. My prayers for her family as I know how very hard this time is. May you find comfort in knowing that Linda is now with her Lord and King and that cancer no longer runs through her body.

“ *Courageous and inspiring are two words that so aptly describe Linda. Her smile lit up a room when she entered. Even battling the demon cancer and carrying around her pack, she smiled through it with her faith in our Lord being her strength -- along with the endless support and love of her family. I am a changed person for having served alongside Linda in many projects, receiving her gentle guidance, never-ending support, and humble encouragements. I rejoice now that she walks with Jesus; and pray for all who experience this painful loss.*

“ Linda was my coworker but more importantly my friend for 25 + years. We shared the stages of our lives through young kids through adult kids. She was always there for me even through my own breast cancer diagnosis. The hole her death left in my heart will never be filled again. But knowing Linda, she would say carry on , I am good. That was always my friend!

“ Linda was one of the people I am most honored to have worked alongside at COPE. She volunteered and led there for over a decade, providing countless hours to ensure hundreds of our neighbors had a Merry Christmas every year. Her warmth, calm, organization, logic, and general good sense, made everything go smoothly and blessed so many lives. Even after she got sick she ensured she passed on her knowledge and we had everything we needed to move forward. She was a good and thoughtful friend to me, a delight to be around, and a privilege to know. She was a person who reminded me that there is good all around us, calmly and happily making the world a little nicer for everyone to live in. My condolences to all her beautiful family and friends, and especially to Bill. May you be comforted while you grieve and your memories be filled with joy.

“ From her first diagnosis Linda shared her deep faith in her Savior and in His work in her life. Her trust in her Lord was an inspiration to me and I'm sure to all who knew her. I first got to know Linda through Bible studies years ago at Tammy's house. Her hunger for the Word fed my hunger and I've often thought of how she blessed me with her comments and observations. My heart hurts for Bill, Tyler, Amber and Kayla and the whole family, but my heart also rejoices that her soul is safe with her Savior. Thank you, Lord!
