“ Condolences Linda and family. Malcom was like an older brother growing up in Tarkio.. have lots of great memories including when I was a little boy writing letters to him when he was in the Army in the 70s .. hoping he wasn't injured.. spending Xmas eve at our Grandma Micas and being around for lots of great family times. Legion turkey dinners with Marv and Linda. Malcom was a great man, jovial, witty, smart. He will be missed.

*I meant Mal when Mark asked me if a friend of his from work could stay at my place for a while, I said sure , a friend of Mark's is a friend of mine. Well, I liked him right away. He fit right in with our group. We had a lot of fun. Most recently, we invited him to our geezers lunch group, and everyone was glad to have him. By the way, thank you for your hospitality, Linda.*

*A more recent memory is at one luncheon, Mal decided to try the chili dog. When they served it, we all gasped. This thing was huge, over a foot long, with enough chili on it for all of us. Hope he didn't have to sleep on the couch that night.*

*We will all miss him, and love him. May God bless. Ronn Cahow*

*The news of Mal's passing was shocking and devastating for me. It's not often that one meets someone in their early twenties and can still call them a friend over 50 years later. I met Mal at work when I was sent down to the station at 60th and Center to help out. The first thing I saw when I walked into the place was Mal sprinting through the bay to throw open the garage door before the guy working with him crashed through it in a fit of anger. We've laughed about that day many times over the years. Mal was the type of guy you couldn't help but like. Back in those early years we shared a lot of laughs, a few tears and more than a few beers. I told him back then that with his personality he could sell a coyote to a chicken farmer! As we all know Mal went on to build a successful business. As we went on we didn't see each other much as we both were involved with families and work. The last couple of years a bunch of us have reconnected on a regular basis as part of what I like to call The ROF brunch club. That's retired old farts in case you wondered. All of us were thrilled that Mal became a part of the group. We all cheered for him when he finally received his kidney transplant. I want to thank Linda for accepting us into their home in Valley and their cabin in Tekamah. Those were special moments that I will never forget. I'm taking comfort in the fact that in the state of the world today, Mal is in a much better place. God bless Linda and the rest of the family. The ROF Brunch Club is here if you need anything at all.*

*Malcom was a one of a Kind. That's what we Loved about him the most. He would give it to you straight with some added humor. It may be ten percent offensive and ninety percent hilarious. What a great combination. Honest and funny. Malcom will be missed by everyone. I loved Malcom as did everyone. I am so sorry that Malcom went home early Linda. All my prayers are for you and the family. Malcolm's willingness to be there for all of us is now, on us. Whatever you need Linda we will be there. You know that. Just remember to reach out as needed. Waves of Love to You Linda and the family. God Bless you all.
