“ So many Memories of our time at grandmas house. Picking strawberries and making strawberry jam. Enjoying Thanksgiving dinner every year at her house. I remember always a full Jar of gumdrops and half sticks of spearmint gum. Grandma would take us to the city pool in the summer and we would have so much fun showing off our water tricks. I remember Going to the county fair and the rodeo. One of our fondest memories was when Grandma gave us wax paper and told us to use it on the metal playground slide. Man did that make us fly! We took many walks with grandma, she could never sit still, she was always on the go. Rest in peace grandma. Thank you for the memories. -Kirsten

“ Us grandkids referred to you as “working Grandma” since you were always busy cooking or cleaning or just looking out for us grandkids. You always made us feel welcome when we stayed with you. We were always well looked after and well fed. Those trips to Nelson will always hold a special place in my heart. Rest in peace Grandma. - Joe.
