“ *Math was an uncle I will always remember. It was nice growing up to know that Uncle Math lived "down the street" from our house in Fremont. I always remember his boisterous voice and was always easy to talk to.*

“ *We. send our condolences to Math's family. I worked with Math at Valmont for many years. He was a friend as well as a co-worker. He took such pride in his work and wanted every project to be perfect. My wife, Brenda, worked with Maggie at 3M., and we were also friends from FLC in Fremont. May God be with you and give comfort at this time of loss.*

“ *Maggie and to all the family,  
Math was so deeply loved and such a special man. I lived down the  
street for MANY years and remember his love for his family and the  
Huskers. May you find comfort in the beautiful trips and memories  
you share!*

“ *To all the Beiermann family, my condolences go out you all. It is a  
sad time when we lose a family member, I know I lost my Dad about  
14 years ago now. We will all be together again in the end!! May  
God bless you all!!*
