“ *Colleen,*

I am so sorry to hear about your Mother. She was a very good friend and wonderful person to my Mother, Sylvia, and our family growing up on Hascall St. I have fond memories of the "coffee" the neighborhood ladies always shared back in those days, and her babysitting some of us, and the special moments she and Mom shared together. She was always there in her times of need and I know the two of them are hugging and sharing great memories of their times together. God bless you and your family and thank you for sharing her with our family too!
