“ *Bob, was like a second Dad to me after my Dad passed. Bob was one of a kind and a very intelligent in many aspects of construction. He taught me a lot in the electrical field that I would have never known. He was a Great Friend and I think of him and miss him on a daily basis. I miss the 60 to 90 minute talks we had. We had a lot of great times together that I will miss. God Bless You Bob Dix ! Fred Perchal*

“ My wife Paige and I moved into the home next to Bob and Gerri 3 years ago and they have been the best and most friendly neighbors. Bob was always outside working on the yard or just enjoying the nice weather. We spend a lot of time in our backyard with the kids and our dogs and we always enjoyed talking with Bob. He always offered me tools when I would be working on the yard and always had great advice. Bob built us a birdhouse this past spring with all of our names on it and a stray golf ball of ours that may have found its way in bob's yard 😊. We are so grateful for the birdhouse and we will always cherish it and the great friendship with Bob. He truly was the best neighbor.

With love

Some of my final conversations with Dad was about, "Tracker." I said, "How can you stand the barking?" His response was, "I love Tracker." My dad talked about Tracker all the time. Loved that dog. I swear..
