“ *To Whom it May Concern*  
*I knew Scott in elementary school and Jr high. We played baseball together every other year due to the way our birthdays fell. He was a wonderful young man and very tough. He worked hard to please his parents early on then decided to become his own person and seemed to have found his love in coaching wrestling. His dad Chuck kept the station on Portland and Scott was often there helping/working/learning. I am sorry to hear of Scott's passing 6 months late.*

*Jon Mullican.*
