“ *There are too many memories to share just one. Grandma I know was always my biggest cheerleader always trying to make sure I was safe and okay. She cared so much about her family and loved unconditionally. She was one of the constants in my life through everything I always knew my grandma was there with me. I know I worried her a lot but in good times she was always the first to tell me how proud she was. I am going to miss being able to call her and just hear her words of encouragement or when necessary her scolding me when she disapproved. I guess my lasting memory would be when I was young she would say Ashley Justine don't make me put you over my knee which eventually turned into a joke considering how tiny grandma was. Her laugh and personality was so unique. When she would watch baseball you could often hear her say hot damn. She loved gardening and often would have beautiful tulips. She also loved her dogs throughout the years. She will be greatly missed by me and her great grandchildren. A piece of her will stay with each of us forever. Rest in peace grandma thank you for all the years you gave us.*
