“ *My deepest sympathy to the Bill Miller family. Bill was a very special man and he will be missed by all who knew him. He was one of the lucky ones who was blessed to live a long happy live and leave behind an amazing family legacy that will carry on for generations. RIP Bill*

“ Dad,

*As I sit down to write this, I reflect on all my memories of you. You were always supportive, wanting to help in any way you could, accepting, loving, and kind. A man who was a perfect example of what a father should be.*

*A son always idealizes his father, together or apart, a father is always his son's hero. Growing up as a young boy, I imagined you just as you are, the perfect father.*

*The tie that binds a father to his children cannot be broken by the earthly separation of time or the physical elements. I know this is true because somehow when I was growing up, although physically apart, you were always there. I know in your passing, you are still somehow here; be it in our memories, in our hearts, or in the mystical tie that binds loved ones together; you remain.*

*I know also that although you remain, you have passed this earth and are now in the presence of our Father in heaven. The same tie that binds earthly fathers and children also binds us all to our heavenly Father and you are now enjoying His presence.*

*That mystical tie that binds us all together is love, and we can say beyond any shadow of a doubt; WE LOVE YOU.*

*Thank you for the love you gave Pat and I, we will see you soon.*

*Your son,  
Robert Miller*

MC

“ *Daddy, You have always been my hero. You set the moral compass that drives my life and you were my rock. Looking back over the years, I can only remember how sweet you were and how giving your soul was. Always kind in your thoughts and steadfast in your love. I will miss you so very much but I will always cherish and celebrate your Life. I will try to live to your example and be the best that I can be. You taught me so very much but mostly you taught me to love unconditionally and live happily. You will be forever in my heart until we meet again...*

“ *Daddy, thank you for the smiles, songs, and stories. You never spoke harshly, doubted me or underestimated me. You encouraged me, told me I could do more, made me neat things and you were always there when we needed you. See you on the other side  
Love your daughter, Gloria.*
